Deepest Soaking Tub!
Our Walk-In Bathtub is by far the deepest soaking tub available, allowing most people to soak shoulder deep for ultimate comfort and relaxation.

Double Water Tight Seal
The only Walk-In on the market with an extra double water tight door seal. You only need one, but we insist on two!

Thermostatic Mixing Valve
Many people have trouble sensing water temperature. Our mixing valve ensures that the water temperature will not harm any one.

"I suffer from limited mobility and bathing was always a difficult experience. With my new walk in tub, I just walk through the tub door, sit down and enjoy a wonderful bathing experience."

Frances Stewart ~ Beavercreek, Ohio

Soak away the pains

Soaking in a Bath Creation's walk-in tub is an ideal therapy to help soothe aches and pains from arthritis, rheumatism, and back pain. We also offer walk-ins with therapeutic massaging jets to make your bathing experience even more enjoyable. These walk-in baths with built-in massage jets maintain water temperature longer, allowing you to relax even more.

With a walk-in tub, there is no struggle getting in and out of the bath any longer. Our tubs can make a relaxing warm bath or soothing shower possible for those who thought they'd never enjoy the luxury again.
